

September 30, 2005 – Maxion Recognized by IEE

The Optoelectronics Premium Award was presented by the Institute of Electrical Engineers (UK) to recognize a paper and presentation entitled: “Experimental study of optical gain and loss in 3.4-3.6- μm interband cascade lasers.” The award was presented to the co-authors of the paper including Dr. J. D. Bruno (of Maxion), Dr. D. Westerfield, Dr. S. Suchalkin, Dr. M. Kisin, Prof. G. Belenky (all of SUNY, Stony Brook), and Dr. R. L. Tober (of The Army Research Laboratory). Dr. D. Westerfield was on hand at the IEE ceremony held at Westminster to accept the award on behalf of the research group.
